AGENDA ITEM 2: ROLL CALL

Governor Newsom signed Executive Order N-29-20, as an emergency measure in response to the COVID-19 pandemic. This Executive Order allows local and state agencies to hold virtual meetings via teleconference and make meetings accessible electronically despite open meeting requirements in the Bagley-Keene and Brown Acts. The Governor signed this Executive Order in March 2020 and extended it through September 30, 2021.

The LA County CRC held a hybrid meeting format where Commissioners can attend either in person or virtually and count toward the quorum. Thai V. Le took roll call. A quorum was present.

AGENDA ITEM 4. PUBLIC COMMENT – GENERAL – CO-CHAIR WILLIAMS

Chris Rowe made a general public comment that she has not used the LA County mapping software yet but has prepared 5 maps for the LA City CRC, using its mapping software, which she found difficult to use. The LA City software did not show the West Hills Neighborhood Council boundaries accurately. She observed Latino concentrations in downtown Los Angeles, San Fernando Valley, and Palmdale.

Commissioner David Holtzman referenced a submitted written public comment from Henry Fung regarding information on how to use the LA County CRC mapping software, focusing on cities and unincorporated areas. The LA County CRC Executive Director Gayla Kraetsch Hartsough pointed out that Thai V. Le and she were aware of his request and were in the process to see if they can reach out to him. It is likely that this request is something that the general public will want to know as well.

Members of the public who are interested in seeing the presentation and discussion should view the posted Recording on the LA County CRC YouTube Channel and our website.

AGENDA ITEM 7. ACTION/DISCUSSION ITEMS

7a. Updates From Ad Hoc Working Groups – Co-Chairs Carolyn Williams and Dan Mayeda

- i. Commissioner Apolonio Morales, Leader, Ad Hoc Working Group on Public Outreach – Co-Chair Williams

Commissioner Apolonio Morales announced the upcoming Press Conference on October 7, 2021, at 11:00 am in front of the Hall of Administration. He will be providing more details as the logistics get refined.

- ii. Commissioner David Holtzman, Leader, Legislation and Updates on Other Redistricting Commissions – Co-Chair Dan Mayeda

- a) Commissioner David Holtzman indicated that the San Diego IRC has decided to remove the County seal from its logo.
- b) Co-Chair Dan Mayeda provided an update on SB 594 (as amended 8/16/2021), including the two LA County CRC letters submitted.

The LA County CRC had reached out to the California Senate and Assembly requesting extension of our deadline for submitting maps. Co-Chair Daniel Mayeda testified before the Assembly, requesting that the Amendment change the map adoption deadline from December 15, 2021, until January 14, 2022, which would make it consistent with the California CRC's requested deadline. The Assembly denied this request, although they were sympathetic about the crunched deadline, given the delay of the Census data. The Assembly observed that the California CRC had many more electoral bodies to redraw the boundaries and that the LA County CRC only had to deal with the 5 Board of Supervisors boundaries. The deadline remains December 15, 2021.

Public comment:

- Susan Petrulas Nissman asked if the Supervisorial Districts only need minor modifications and already have two Latino majority districts, why is redistricting needed?
- Chris Rowe commented on gerrymandering in the San Fernando Valley in particular in the past and emphasized the need for redistricting. She would like to have a Supervisor who lived in the San Fernando Valley and understood their needs.

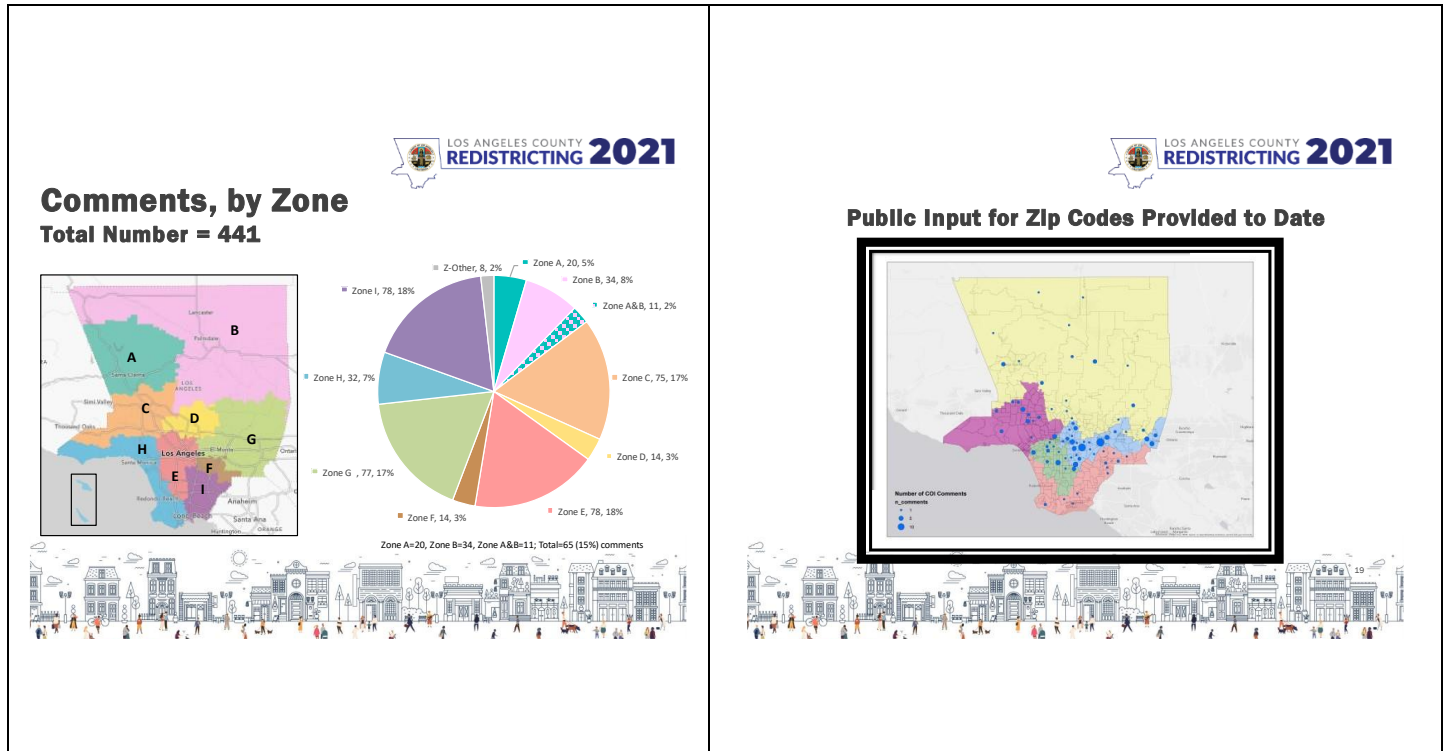

LOS ANGELES COUNTY REDISTRICTING 2021

7b. Discussion of and possible approval of approach for Commissioner review of submitted Community of Interest (COI) input — Co-Chair Carolyn Williams

Gayla Kraetsch Hartsough presented her Executive Director Report, which included a pie chart and heat map displaying geographic locations of the 441 public comments received through August 31, 2021.

She also provided an overview of the COI information posted on the LA County CRC website and the importance for the Commissioners to analyze this public input. She proposed that the Commissioners begin to develop hypotheses (e.g., assumptions, speculations, or predictions), regarding what are COIs based on available COI input to date. In this way, the COI hypotheses can be:

- Further tested to see if the public agrees
- Refined based on public input
- Drawn by ARCBridge on a map
- Used to guide further review of submitted or considered redistricting maps
- Possible building blocks for redistricting maps

LOS ANGELES COUNTY REDISTRICTING 2021

She proposed three options and suggested the Commissioners focus on Option 2, whereby the Commissioners form 5 teams of 2 to 3 Commissioners each, who would focus on 3 to 4 pre-assigned zones. The table presents a draft of which Commissioners might be assigned to a team and what zones they might focus on. Efforts were made to assign Commissioners to areas that they are familiar with, as well as new areas where they may be less familiar. These assignments ensure that each zone is reviewed by two different Commissioner teams and that no single group of Commissioners have more than 4 zones to review.

She cautioned that the Commissioners should only participate in their assigned teams to avoid any issues that might pertain to a public perception of serial meetings with the Brown Act.

She also pointed out that the Commissioners should discuss how to ensure transparency of these proceedings – all of which her staff will compile and share at a posted CRC meeting for further discussion and public input.

The Commissioners asked questions of clarification.

Public comment:

- Mary Sue Mauer is the Mayor Pro Temp of the City of Calabasas and a member of the Council of Governments (COGs), which consist of Calabasas, Agoura, Hidden Hills, Topanga, Westlake Village, and the lands that extend west of Los Angeles County to Ventura County. These communities are not part of the City of Los Angeles. They contract with Los Angeles County for the Sheriff and Fire services. They share fire risk and are part of the same Las Virgenes School District and Water District. She provided a hard copy of her letter with more details on her 7 points.
